

## **BIC CORPORATE FOUNDATION: 2ND EDITION OF THE “CALL FOR PROJECTS”**

**November 30, 2018** - The BIC Corporate Foundation concluded the 2<sup>nd</sup> edition of its “Call for Projects” and it was a huge success! This initiative allows BIC to enhance its impact locally and go further in its commitment of improving education by **working hand in hand: the BIC Corporate Foundation, BIC factories and subsidiaries and NGOs.** Through the “Call for Projects”, the BIC Corporate Foundation **matches the donation** made by a BIC site to support a local educational project for a period of 3 years, thus contributing towards a better quality of life in communities around the globe.

This year the Foundation received 15 project proposals from all around the world.
